A compass so we never get lost!!

When this summer began no one knew what to expect. For providers so many things were different, we didn't have our families, we were in new places, and we were suddenly working directly alongside not only daytime teachers but other providers as well. We were hesitant and nervous but determined to make sure every student who walked through those doors had the best experience possible.

Leadership teams from YALC, ECS and CSS began meeting weekly to discuss logistics. How will we share the gym? Where will we store supplies? How will pick up work? These meetings and open communication paved the way for the unification and amazing collaboration of all 3 OST programs.

As we end summer 2021 programing and look back, we have many emotions. We are sad we didn't get to spend the summer with our 2019/2020 families, but we are thrilled to have met so many new students and their families and we are honored to have worked with such dedicated and talented providers.

To celebrate a tremendously successful provider collaboration CSS, ECS & YALC organized a Unity Day for our students. Each provider took on a role and responsibility. We had a DJ, photographers, moon bounce attractions, carnival games & prizes, field games, snacks, a selfie station and youth performances!

The next few pages share some of our favorite memories of our OST Summer 2021 Mayfair Unity Day.

Thank you to everyone who worked behind the scenes and came the day of the event to help make it a success! Our photographers, the DJ, our guest speaker, our volunteers, clean up crew, leadership team, and of course our amazing front line team members! We can't possible name everyone, but we are so appreciative and grateful for all of you!
